EXPERIENCE

Regional Quality & Training Manager – Customer Experience
British Council Accra, 2023 - Current

- Designed and executed the quality and training strategy for 17 countries, achieving a 20% improvement in service quality and a 22% reduction in skill gaps across customer experience teams.
- Developed and deployed over 60 hybrid training programs, leveraging AI, gamification, and predictive analytics to enhance learning engagement, skill acquisition, and performance.
- Built and implemented a custom digital coaching & feedback tool (Power Apps-based), driving real-time performance management and agent development across remote global teams.
- Led regular quality audits and calibration sessions, delivering actionable insights to senior leadership and driving continuous service improvement.
- Partnered with cross-functional leadership to implement Voice of Customer improvements, enhancing both customer satisfaction and operational processes.

- Led the successful rollout and training for a regional VOIP telephony system, improving call handling and reducing abandonment rates by 23%.

Customer Service and Sales Manager

Ghana, Cameroon & Sierra Leone, British Council Accra, 2021 - 2023

- Managed customer service and sales operations across three countries, achieving over GBP 350,000 in revenue growth within 19 months.
- Designed and delivered targeted coaching and feedback sessions, improving NPS (Net Promoter Scores) by 11%.
- Conducted over 600 quality audits, providing insights and recommendations to enhance service delivery and operational efficiency.
- Spearheaded customer engagement programs, reducing churn and increasing customer retention across regions.

Customer Service, Marketing and Facilities, Advisor

British Council, 2016 - 2021

- Led the production of mass communications such as press releases and key social media messages
- Co-led the creation of annual marketing plans for the British Council's Exam and Facilities business
- Diligently managed various social media accounts, to drive social media engagement across Facebook, Twitter, Instagram and YouTube
- Led the coordination and delivery of over 18,500 large events, small events and trainings
- Led the sales drive of British Council's Facilities Business to a revenue of over GBP 250000

PORTFOLIO OF CUSTOMER EXPERIENCE AND AI RELATED PROJECTS

Designed and built lightweight AI tools that automate operational insights and reporting.

Examples include:

- AI system that categorizes and analyses customer feedback to generate operational insights
- Automated weekly insight reporting from customer data
- AI-assisted workflow tools that streamline documentation and reporting processes
